Insights and inflection points: the enduring value of sell-side research Find out more: Global markets Expert views 14 Sep 2026 Rethinking AI through a capital allocation lens By Puneet Singh, Head of Cross Asset Quant, Asia Pacific Expert views By Puneet Singh, Head of Cross Asset Quant, Asia Pacific Rethinking AI through a capital allocation lens 11 Sep 2026 Inside the Factory: A Fresh Look at the Mechanisms of Centralised Payments, Cash, and Liquidity For many multinational companies, payment factories and in-house banks may have become essential structures, but the... Expert views For many multinational companies, payment factories and in-house banks may have become essential structures, but the environment in which these first appeared has changed significantly. Our experts in liquidity, Floor Meeuwis and Laure Demaille investigate the new challenges and opportunities. Inside the Factory: A Fresh Look at the Mechanisms of Centralised Payments, Cash, and Liquidity 10 Sep 2026 Beyond speed and cost: The push for transparency in cross-border payments As cross-border payments evolve, Frantz Teissèdre, Head of Public Affairs for Cash Clearing Services at Societe Generale... Expert views As cross-border payments evolve, Frantz Teissèdre, Head of Public Affairs for Cash Clearing Services at Societe Generale and a member of the G20 Payments, Interoperability, and Extension (PIE) Task Force, examines how the focus on transparency is raising the bar for efficiency, security, and trust in global payments systems. Beyond speed and cost: The push for transparency in cross-border payments 09 Sep 2026 Financing the Next Phase of the US Renewable Energy Buildout A conversation with Societe Generale's Eric Kim, Head of Power, Energy, Mining & Industrials for the Americas Expert views A conversation with Societe Generale's Eric Kim, Head of Power, Energy, Mining & Industrials for the Americas Financing the Next Phase of the US Renewable Energy Buildout 07 Sep 2026 Unlocking the potential of sustainability-linked loans in agrifood Despite a broader slowdown in sustainability-linked loan (SLLs) volumes, the agrifood sector remains a notable... Expert views Despite a broader slowdown in sustainability-linked loan (SLLs) volumes, the agrifood sector remains a notable exception. For agrifood companies, SLLs offer a relevant way to finance transition where it matters most: across operations, supply chains and day-to-day practices. By linking financing conditions to measurable performance across complex value chains,... Unlocking the potential of sustainability-linked loans in agrifood
