Nobody realised they... Expert views In the late 1950s, banks in Paris began lending out dollar deposits held outside the United States. Nobody realised they were founding anything. But what they'd created was the eurodollar market: dollars beyond the reach of American regulators and American banking hours, which grew from an accounting curiosity into the funding market of global finance. Stablecoins and cross-border payments: dollars that never went home 18 Sep 2026 Cross-border payments: building a hybrid model International payments are entering a new phase. As expectations for speed, transparency, and availability continue to... Expert views International payments are entering a new phase. As expectations for speed, transparency, and availability continue to rise, banks and market infrastructures are increasingly focused on orchestrating complementary solutions that combine performance, security and compliance, while keeping human expertise at the heart of the model. By Isabelle Poussigues,... Cross-border payments: building a hybrid model 14 Sep 2026 Rethinking AI through a capital allocation lens By Puneet Singh, Head of Cross Asset Quant, Asia Pacific Expert views By Puneet Singh, Head of Cross Asset Quant, Asia Pacific Rethinking AI through a capital allocation lens 11 Sep 2026 Inside the Factory: A Fresh Look at the Mechanisms of Centralised Payments, Cash, and Liquidity For many multinational companies, payment factories and in-house banks may have become essential structures, but the... Expert views For many multinational companies, payment factories and in-house banks may have become essential structures, but the environment in which these first appeared has changed significantly. Our experts in liquidity, Floor Meeuwis and Laure Demaille investigate the new challenges and opportunities. Inside the Factory: A Fresh Look at the Mechanisms of Centralised Payments, Cash, and Liquidity 10 Sep 2026 Beyond speed and cost: The push for transparency in cross-border payments As cross-border payments evolve, Frantz Teissèdre, Head of Public Affairs for Cash Clearing Services at Societe Generale... Expert views As cross-border payments evolve, Frantz Teissèdre, Head of Public Affairs for Cash Clearing Services at Societe Generale and a member of the G20 Payments, Interoperability, and Extension (PIE) Task Force, examines how the focus on transparency is raising the bar for efficiency, security, and trust in global payments systems. Beyond speed and cost: The push for transparency in cross-border payments
